

2019 ChiArts Jazz Tour

In 2018, the ChiArts Honors Jazz Septet wishes to embark on a new musical adventure: a tour abroad! This year's ensemble is truly exceptional in its capacity for musical expression and creativity. Will you be able to help them share their music with the world in this one-of-a-kind touring experience?

Our goal is to book a tour abroad that would include multiple components, including: educational exchanges with international performing arts high schools, performances at venues ranging from jazz clubs to community centers, and culturally enriching activities such as sightseeing and museum tours.
