## **PEC MINUTES 12/1/22**

**511pm- Meeting begins. Attendance and introductions are completed.  
17 people in attendance**

**513pm-Overview includes discussion about the PEC committee decisions and findings helping to drive the allocations of funds for the school in the coming year, looking to enrich the school for next school year, and wanting more teacher involvement so that we are getting well rounded perspectives.**

**Focus of the December's meeting will be on next steps and any movement/action that has already taken place towards the accomplishment of the goals of each sub-auxiliary team.**

**The Conservatory department inquired about and expressed interest in Peer Observations.**

**Grade level meetings are a good resource for mentorship. Survey is ready for teachers to sign up for mentorship and onboarding volunteers.**

**The Assessment team has reached out to find that the math department is using some of the same great tools and resources for their curriculum. Discussed reaching out to other schools to see how they are handling students who are academically falling behind. Also, discussed plans of action for students who are academically struggling but are doing well in the arts. Tutoring and summer programs were discussed. The English department is next to be polled. Discussed specialty (enrichment/remedial) classes throughout the school year folded into their schedules. Discuss a possible IXL concentration course and a pre-freshman preparations summer course.**

**525pm- Academic and Conservatory split into separate rooms. Academic splits into three sub groups (Peer Observation/Interdisciplinary, Assessments, Mentorship)**

**6pm. Meeting reconvenes as a total group**

**601pm- RECAP of what each auxiliary team has already done as well as goals for the next 30-60 days.**

**633pm-Meeting ended.**
